KEY FACTS ABOUT TAPMASTER® HANDS-FREE FAUCET ACTIVATORS

5 Million

Tapmaster® products are tested to withstand over 5 million activations.

Any Faucet

Tapmaster® products are designed to convert any faucet or spout to hands-free operation. *(Retrofittable)*

Made in Canada

All Tapmaster® valve assemblies are 100% manufactured in Canada with raw materials sourced from across North America.

Prop 65 Compliant

Tapmaster® products meet or exceed all California Proposition 65 standards for toxicity.

No Electronics

Tapmaster® products are activated by utility water pressure making them extremely easy to install and cost-effective to operate.
